ABOUT US

Baliga fishnets was founded in 1984 by a pioneer and visionary, Late Shri K Vaman Baliga. His two sons – Mr K Muralidhar Baliga and Mr K Shashidhar Baliga with their knowledge and expertise strive to make it a bigger success. The company shines through their leadership, accumulating laurels as they progress.

With great quality products, competitive prices and excellent service, we have garnered a good reputation with customers in India and abroad. Our motto is to serve our clients with a best in class product which meets all requirements.

Baliga Fishnets products are made of selected premium quality material like H.D.P.E, Nylon-6, Nylon 6 cc polymer yarn. We source our raw materials from some of the best manufacturers worldwide.

Our production process guarantees best quality and excellent value with advanced technology, modern equipment clubbed with decades of experience.

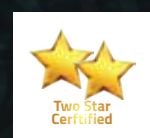

The key USP of our products include tight non splitting knots, accurate dimensions, longevity. We customize all our products to the exact specifications and needs of the client. We believe in reducing the carbon footprint and ensure that all our processes and chemicals are environment friendly.

We are known for our superior quality of all our products at very economical rates. Everything is manufactured in our factory by a team of experts in their field, who make sure that each product meets the high quality and trust we promise.

Our products have a global reach where we cater to clients nationwide and internationally. We export our products to more than 30 countries and see huge demand in South East Asia, Middle East and Europe.

We produce high caliber products which undergo strict quality controls and testing. Baliga Fishnets holds noteworthy certifications like the ISO 9001:2008 Certification for quality management and also One Star Export House certification under the provisions of Foreign Trade Policy, 2004-2009.

CONTENTS

1 Fishing Nets

- a) Nylon Multifilament Nets
- b) Mono Filament Nets
- c) HDPE Nets

2 Fishing Floats

3 Twisted Twine

- a) Nylon multifilament twines
- b) HDPE Twine

4 Fishing Lines

- a) Premium Fishing Line
- b) Standard Fishing Line
- c) Monofilament Fishing Line

5 Agriculture purpose

- a) Trimmer Line

We offer a wide & impressive range of **supreme quality fishing nets and floats.**

FISHING NETS

Baliga Fishnets are manufactured using 100 % virgin Nylon (Polyamide-6). They are UV stabilized to withstand extreme conditions. We employ high grade Japanese technology for producing fishing nets with high tenacity and greater knot strength. We have a production capacity of 120 tons per month. Our fishing nets are strong, abrasion resistant yet soft in texture enabling easy handling. These nets are suitable for fishing in deep or shallow sea, river, lake and pond.

NYLON MULTIFILAMENT NETS

Nylon Multifilament Nets can be offered in both single knot and double knot options with Twine choices of 210D/2PLY-120PLY.

Specifications

- Material: 100% Virgin Nylon (Polyamide-6)
- Knots: Single and Double Knots
- Twine Range/ Thickness : 210D/2PLY - 120PLY
- Mesh Size: 10mm to 1000mm
- Mesh Depth: Upto 600 MD
- Mesh Size / Mesh Depth / Salvage / Length / Colour: As per Customer Specifications

Packaging & Delivery for Fishing Nets

- Packaging Details: Poly Bags + PP Bags
- Delivery Details: Depending on Client's Requirement
- Minimum Order Quantity: 100 KG
- Payment Terms: L/C, T.T, NEFT, RTGS

Primary Advantages

- Free from Knot slippage & high grade quality materials
- Manufactured in Japanese Machinery
- Processing chemicals are Eco friendly

MONOFILAMENT FISHNETS

The nylon chips that are used for producing monofilament nets are extruded in house using some of the top class technology and machinery.

Primary Advantages

-  Free from Knot slippage & high grade quality materials
-  Manufactured in Japanese Machinery
-  Processing chemicals are Eco friendly

Specifications

-  Material: 100% Virgin Nylon (Polyamide-6)
-  Knots: Single and Double Knots
-  Thickness: 0.16mm to 0.40mm
-  Mesh Size: 10mm to 400mm
-  Mesh Depth: Upto 600 MD
-  Mesh Size / Mesh Depth / Salvage / Length / Colour: As per Customer Specifications

H.D.P.E NETS

We offer blue hdpe fishing net, blue nylon fishing net and monofilament fishing nets.

Primary Advantages

- 🐟 Ideal twine geometry
- 🐟 Uniform mesh size and tight knots
- 🐟 Good dimensional stability

FISHING FLOATS

All our products are made of selected fine quality materials with different dimensions. Our floats are circular, Oval, Cylindrical and Oblate shaped and are widely used for fishing in the sea. Because of our high product quality, we are deeply trusted by customers both at home and abroad. At present our products are exported to overseas markets such as Southeast Asia, Middle East, Europe and over 30 countries and regions in the world.

1

We produce Floats in two type one is plastic and another one is Aqua (PVC), below were given details with specifications

ADPE **PVC**

TWISTED TWINE

Baliga Fishnet has carved a niche as one of the most dependable Twine Exporters and Suppliers. We use cent percent virgin material for manufacturing of Twine that provides high durability, flexibility and resistivity to various climatic factors. Moreover, we also offer a wide array of fishing twine that includes HDPE twine, Nylon Twine etc.

That are widely used in various types of industrial and domestic applications. The customers are also facilitated with easy availability of the twine in all the possible colours. They are UV treated which provides resistance against extreme conditions.

Our newly acquired twisting and winding machines are of a reputed make providing excellent features. We offer a wide variety of twisted fishing net twine with thickness ranging from 210D/2PLY to 120PLY with a capacity of producing 2 tons per day .

The twines come in all possible colours and can be customized as per the clients preferences.

HDPE TWINE

HDPE Fishing Nets are made from premium quality High Density Propylene Plastic which is strong & hard in quality. These are offered in different varieties that include agriculture, fishing, vegetable farming & construction sites and available in varied size, style and design. They are constructed in assorted filament shape viz. mono, multi & mono-multi frames that provide sturdy & seamless finishing. HDPE Fishing Nets are bleached in bright colors like green, blue and white. These are available in different thickness, length & can be customized as per requirement of the customers

PLY	RUNNAGE MTRS./KGS	BREAKING STRENGTH (KGF)	KNOT BR.STRENGTH (KGF)	BREAKING LENGTH (MTRS.)

FISHING LINES

We produce fishing lines of various specifications catering to different requirements. Colours of the fishing lines can be customized as per clients preferences. Without doubt, we have the largest and most innovative selection of fishing lines in the area !!

Whether you're searching for Monofilament, Ultra we will have a viable Fishing Line option!

PREMIUM FISHING LINE

Premium Fishing Line is manufactured using imported co-polymer nylon chips, having improved transparency, higher knot strength and higher breaking resistance and softness. This line is used for both, commercial as well as sports fishing. We offer Premium Fishing Lines in the following specifications. Packaging: Up to 0.4mm in 250gms or 500gms spool and above 0.40mm in 500m, 1000m, 1 kg or 2 kg hanks or connected coils

Size (mm)	Length (Mts./kg)	Load(Kgs)	Load (Lbs.)
0.14	57000	1.59	3.5
0.16	43500	2.04	4.5
0.18	34500	2.5	5.5
0.2	28000	3.2	7
0.3	12400	6.6	14.5
0.4	6900	11.1	24.5
0.5	4450	16.3	36
0.7	2277	22.7	50
0.8	1743	31.8	70
0.9	1377	36.3	80
1	1115	40.8	90
1.8	344	113.4	250
2	278	136.1	300
2.5	180	201.0	442
3	120	290	638

STANDARD FISHING LINES

Standard fishing lines made out of imported nylon-6 chips are used for commercial fishing. We offer standard fishing lines in the following specifications.

Size (mm)	Length (Mts./kg)	Load(Kgs)	Load (Lbs.)
0.6	3100	18.14	40
0.9	1377	36.29	80
1	3100	40.82	90
1.4	569	68.04	150
2	278	136.08	300
2.5	180	201	442
3	120	290	638

MONOFILAMENT FISHING LINES

Monofilament fishing lines are made available in the following particulars. Monofilament fishing lines are packaged in spools of 500gms each.

AGRICULTURE PURPOSE

TRIMMER LINES

The trimmer lines that we make are known for their higher abrasion resistance, pliability and are long lasting. Trimmer lines come in the following sizes.

Trimmer lines available

-  Hank (3KG)
-  50 Meter
-  20 Meter
-  Doughtral (LB)

Sl. No.	Size(mm)	Size(Inches)
1	2.4	0.095"
2	2.65	0.105"
3	3	0.120"
4	3.3	0.130"
5	3.4	0.135"
6	3.5	0.138"
